GCSRW Monitoring Report - April 23

For over 50 years the General Commission on the Status and Role of Women (GCSRW) has advocated for and challenged The United Methodist Church to a continuing commitment to the full and equal participation of lay and clergy women and men in the total life and mission of the Church. We are thankful for the opportunity to serve the General Conference as official monitors. Monitoring allows us to highlight The United Methodist Church at its best. Throughout the duration of this postponed 2020 General Conference, now held in 2024 in Charlotte, North Carolina, we will monitor our worship, plenary, and legislative committees for equity, in an effort to support legislative committees and plenary leaders as they hold inclusive sessions, where every voice is respected and given the opportunity to be heard. Therefore, each of us is encouraged to facilitate open and constructive communication in order to raise awareness about the ways that voice, power, and visibility are given and taken away, intentionally or unintentionally.

The United Methodist Church has made many advances in closing the gender gap, but there is still more to accomplish. GCSRW is strengthening annual conference COSROWS across the connection by developing leaders, empowering laity, and providing sexual ethics training which educates and resources the worldwide Church. While it is women who fill the pews of our churches, clergywomen are not always welcomed in their pulpits. At the inception of GCSRW in 1972, there were no clergywomen delegates, and

in 2019 there were only 36% clergywomen delegates. When we are intentional about including women at every level, we make a positive impact in the church and the world. Women continue to make history in every arena, and the church is no different! ESPN (Entertainment and Sports Programming Network) has covered professional and college sports for 45 years, but now women are taking the lead. In September of 2023, the US Open Tennis Championship match between Coco Gauff and Aryna Sabalenka recorded the most viewed women's final match of all time. On Sunday, April 7, 2024, the South Carolina Gamecocks and Iowa Hawkeyes College Basketball Championship broke yet another record. It was reported that the championship game was viewed by approximately 24 million people, the most ever recorded by ESPN for any basketball game on their network. Friends, when women join the game, the game changes.

It is important to include women, lay and clergy, if we want to shift the culture of the Church. GCSRW embraces our mission of making disciples for the transformation of the world. The quality of our legislative process depends on all of us. Each delegate can empower the others and hold one another accountable. This is a time of Holy Conferencing, so let's be mindful of how we treat each other in legislative committees, plenary sessions, or convention center halls. We are a praying people, full of hope, so let's stay open and flexible, trusting that God will see us through.

GCORR Monitoring Report - April 23

The General Commission on Religion and Race Equity Monitoring Report

Equitable sharing of power, influence, vision, finances, and other resources has long been a part of the dynamics of The United Methodist Church's General Conference. This General Conference is no different. At this pivotal moment in our history, our denomination at every level must be asking critical questions:

“What are we seeking to become as we transition into a truly worldwide church?”

“What might the church look like when we face reduced funding and resources?”

“Whom and what do we prioritize in our collective deliberations?”

Amid these conversations, The General Commission on Religion and Race (GCORR) asks all General Conference participants to contemplate potential equity issues that may arise in our work together in Charlotte.

Equity is defined as “the quality of being fair and just; recognizing that we do not all start from the same place and must acknowledge and make adjustments to imbalances.”(1) Equity often affects access—access to basic human rights, food, and other resources. Differences like race, age, socio-economic status, mobility, gender, or sexual orientation determine access to resources, mediate success, or designate one's level of inclusion and well-being.

Equality says: Everyone begins from the same starting point, with equal access to resources and equal chances to survive and thrive.

Equity says: Everyone does not begin from the same starting point. There are historic, systemic, and on-going inequities where discrimination exists within the structures themselves.

Equality says: The rules of the process are the same for everyone.

Equity says: Even if the rules are the same, the

process itself is designed to privilege some at the expense of others.

Equality says: Oppressions (racism/tribalism, classism, ageism, etc.) will end when all people are treated with dignity and respect.

Equity says: Oppressions (racism/tribalism, classism, ageism, etc.) will end when we address and dismantle the assumptions, values, and systems of oppression that actively resist treating all persons with dignity and respect.

Equality says: Everyone has the right to vote.

Equity says: Everyone's right to vote is protected and access to voting is enabled, *i.e.*, ease of travel to voting locations, timely accessibility to translated information prior to voting.

Equality says: We can eradicate racism/tribalism by “doing no harm”; *i.e.*, racism will end when we stop harming persons and communities of color.

Equity says: We can eradicate racism/tribalism by both “doing no harm” and by “doing good”, *i.e.*, racism will end when we actively work to stop the harm that leads to racial injustice and when we engage in the work of dismantling its root causes.

During this General Conference, it is critical to understand these differences between equality and equity. Both terms point toward treating all people the same: as children of God who have dignity, worth, voice, power, and choice. When equity is centered in the work of this General Conference, it will be achieved by treating everyone justly according to their circumstances.

It is also important to remember that any piece of legislation may bring more equity to some people than to others. Indeed, some legislation may even pit groups of people against each other in the quest for equity. In this instance, it may be useful to ask: **“Who will benefit from this legislation and in what ways?”**

GCORR's charge to ensure institutional equity will be part of our role and partnership with General Conference participants. Our goal is to

help frame questions and to provide reflections of each day's activities that raise awareness around issues of equity in our interactions and deliberations. These reflections will become part of our official shared history as the people known as The United Methodist Church.

Updated GCFA Report No. 1 - World Service Fund

Introduction

When United Methodist congregations give their share of apportioned funds, they participate in God's work. The World Service Fund is the heart of our collective church ministry. Through this fund, individuals can partner with church agencies to be in mission and ministry at home and around the world. The World Service Fund truly makes a difference by supporting ministries across the globe.

World Service is God's people reaching out in love and compassion in the name of Christ. It represents a call and a challenge to each United Methodist. As The 2016 Book of Discipline states, the full payment of the World Service Fund is each congregation's "first benevolent responsibility." (§§ 247.14, 812)

Overview

For the 2025-2028 quadrennium, the program agencies will continue their programmatic emphasis centered around four areas of focus: (1) Making New Disciples in New Places, (2) Leading Where God Calls, (3) Overcoming Poverty Together, and (4) Seeking Health and Wholeness for All.

The proposed budget of \$158,257,646 represents a significant decrease of \$152,470,763 or 49.1%, compared to the 2017-2020 quadrennium.

World Service Fixed Charges

General Council on Finance and Administration ("GCFA"). GCFA is accountable to The United Methodist Church connection through the General Conference for receiving, disbursing, and reporting all general funds. (§ 806) This line item is an estimate of the World Service Fund's share of GCFA's expenses for the

quadrennium.

The Connectional Table ("CT"). As part of the total mission of the Church, CT facilitates the Church's program life as determined by the General Conference. Its task is to discern and articulate the vision for the Church and the stewardship of the mission, ministries, and resources of The United Methodist Church. (§ 904)

Interpretation Resources. Along with producing materials to interpret United Methodism's connectional funds, the Marketing Team of United Methodist Communications ("UMCom") uses money from this section of the budget for "Promotion of Giving," a joint effort of UMCom, GCFA and the General Board of Discipleship ("GBOD"). The Promotion of Giving goal is to develop comprehensive financial stewardship tools, leading to improved financial support of ministry at all levels of the connection.

Program Agencies

The World Service Fund provides basic financial support to program-related general agencies, which are especially important to the common vision, mission, and ministry of The United Methodist Church. Through World Service funding, agencies support annual conferences and local congregations in living out God's mission for the worldwide Church. General agencies also provide essential services and ministries beyond the scope of individual local congregations and annual conferences through services and ministries that are highly focused, flexible, and capable of rapid response.

Strategic Directions for 2025-2028

Whenever United Methodism has had a clear sense of mission, God has used our Church to save persons, heal relationships, transform social structures, and spread scriptural holiness, thereby changing the world (¶ 121). The United Methodist Church's mission is discerned by the Council of Bishops and The Connectional Table.

Our vision remains to increase the number of vital congregations worldwide through sustained attention to the Four Areas of Focus. As such, United Methodist disciples will engage in mission and ministry throughout the connection to live out God's vision for a world where poverty is reduced and poor people and communities flourish; a world where children live to their full potential; a world where Christian leaders heed God's call to discipleship; and a world where new faith communities offer God's love and grace worldwide.

Our UMC Mission: VITAL CONGREGATIONS. *Our 2024 Vision looks forward to a United Methodist church that increases the number of highly vital congregations worldwide.*

A vital congregation is a body of Christ, making and engaging disciples for the transformation of the world. This is rooted in our understanding that local congregations provide the primary arena through which Christian disciples are called, formed, and nurtured. Five markers of vitality – disciples in worship, new disciples (professions of faith), disciples in small groups, disciples in mission, and giving to mission – help us gauge our progress together through a shared approach. The global COVID-19 pandemic has created a world-wide challenge. This pandemic has impacted The United Methodist Church in numerous ways, including the postponements of the 2020 General Conference. Annual Conferences have had to adapt their sessions and various ministries. Most especially, life in local churches has changed dramatically. Worship, nurture, ministry, and engagement with the community

have had to go through radical adaptations. Consequently, the pandemic has increased the critical necessity of empowering existing congregations to become more vital in their ministries. It also demonstrates the need to help discover new ways to reach new people. The challenging strain created by the departure of congregations to either independent status or affiliating with another denomination has impacted both the general Church and local congregations throughout the Connection. Our witness and ministry with and through those churches which intentionally choose to remain as a part of The United Methodist Church is at a crossroads. The Wesleyan theology and the practice of grace and discipleship of The United Methodist Church, as well as its distinctive approach to ministry, mission, and connection of the church and community, is necessary in the 21st Century. General Conference's investment in Vital Congregations is significant to the passion, vision, health, and well-being of our churches and communities.

The real measure of our missional impact will not be in membership increases or improved giving, but by the lives that are touched and drawn to Christ as disciples. These vital congregations are able to reach people with the gospel of Christ who we might not otherwise reach.

Our Mission Strategies: THE FOUR AREAS OF FOCUS. *Vital congregations are shaped by and witnessed through four focus areas: leading where God calls; making new disciples in new places; overcoming poverty together; and seeking health and wholeness for all.*

1. Leading Where God Calls: *Our 2024 Vision looks forward to a United Methodist Church equipping people across the connection to be "difference makers" by leading where God calls.*

Our United Methodist Church believes that Jesus is "calling you out" for something greater than any one person. The question for every United Methodist today and into our future is: "What difference will you make?"

The simple answer is that you can make a difference by following God's call to leadership

wherever you are: at the local church, in the mission field, in each community and society across our world. We believe we can equip every United Methodist across our connection to be effective “difference makers” for Jesus.

2. Making New Disciples in New Places: *Our 2024 Vision looks forward to a United Methodist Church with **new disciples** who profess their faith through renewed and new faith communities around the world.*

Creating new, vital faith communities is critical to the task of making new disciples and transforming the world. A **faith community** is a group that gathers under the reign of Jesus Christ to worship, engage, and send. It is within faith communities that we receive new disciples through professions of faith and increase professions of faith. This multilayered strategy focuses on increasing the number of new faith communities in annual conferences across the world.

3. Overcoming Poverty Together: *Our 2024 Vision looks forward to a United Methodist Church with **vibrant, flourishing, and transforming communities addressing issues of poverty together.***

As faith disciples, we are called to love our neighbors – to walk, worship, and witness so that all may enjoy God’s vision of abundant life. As United Methodists, we will challenge and transform broken systems and structures that create and perpetuate poverty. Leveraging connections and partnerships within and beyond The United Methodist Church, we can transform communities and open doors for a more promising future.

4. Seeking Health and Wholeness for All: *Our 2024 Vision looks forward to a United Methodist Church that can reach **people around the world with life-saving interventions.***

Every child is a life filled with promise and potential, yet every five seconds, a child dies from preventable causes. Pre-pandemic, the United Nations Health Organization estimated that forty-

one million people die of preventable chronic illnesses each year around the world. The United Methodist Church has a sacred calling to ensure abundant health for all people, engaging disciples to be agents of God’s healing transformation in the world. Jesus said, “I have come that you might have life and have it abundantly.” (John 10:10) There is a global movement to significantly improve health for all people by 2035, through education, direct health services to those in need, and increased access to medical care.

2016 General Conference Action

The 2016 General Conference approved the continuation of two initiatives which began in 2012:

Commission on Central Conference Theological Education. Paragraph 817 provides for a Commission on Central Conference Theological Education, elected by the Council of Bishops, to determine policies and procedures and approve disbursements from this fund. The Commission includes one person from each central conference, members of the Council of Bishops and Boards of Ordained Ministry, and representatives of theological schools, the General Board of Higher Education and Ministry (“GBHEM”), the General Board of Global Ministries (“GBGM”), and the Standing Committee on Central Conference Matters.

Proceeds from this fund are to be used in central conferences at the discretion of the Commission to: (1) develop theological schools; (2) develop courses of study; (3) develop libraries and contextually developed resources; (4) provide scholarships and faculty development; (5) support associations and networks of faculty and schools; and (6) support new and innovative approaches to theological education. GBHEM administers this designated fund.

Young Clergy Initiative Fund. This Fund provides support to increase the number of young clergy among the jurisdictional conferences, and was a three-quadrillion effort, which ends in

2024. It was established to enable The United Methodist Church to focus efforts on encouraging young adults responding to the call to ordained ministry by providing a strong theological education in the United Methodist tradition. This initiative has been in addition to the funds the Church already has budgeted for discernment, recruitment, nurturing, education, and support of young clergy leaders.

Because the term of the fund ends in 2024, funding for 2025-28 is not included. The boards and commissions, in collaboration with annual conference boards of ordained ministry, seminaries, bishops, and cabinets, will continue to determine the most effective use of any remaining funds in response to the needs of young clergy

leaders. GBHEM administers this designated fund.

Other Ministries

Contingency Fund. The Contingency Fund for World Service provides funding for emerging needs in the World Service Fund areas that occur during a quadrennium. These funds are normally granted to program agencies for new programs to address unanticipated needs with the approval of The Connectional Table. Grants from the World Service Contingency Fund will not be given for general administrative costs, fixed charges, or capital outlay without approval from GCFA.

Updated GCFA Report No. 2 - Ministerial Education Fund

Background

The Ministerial Education Fund was established by action of the 1968 General Conference. Its mission is to engage the membership of the Church in an effort to equip annual conferences, theological schools, and the General Board of Higher Education and Ministry (“GBHEM”) to meet the need for increased resources for the recruitment and education of persons for ministry. Every clergyperson who has served in The United Methodist Church over the past 54 years has been shaped in part by the ministries and institutions supported by the Ministerial Education Fund. Support is provided for the thirteen United Methodist seminaries in the United States, as well as the local pastor Course of Study, continuing education, and other programs that strengthen the ministry of every local church. Twenty-five percent of the apportioned funds is retained by

each annual conference to directly support ministerial education as approved by that conference; 56.25% is disbursed to the thirteen seminaries; and 18.75% is utilized by GBHEM to directly support connectional ministerial education and formation.

Recommendations

The Ministerial Education Fund was first apportioned in 1970 to the jurisdictional annual conferences as one of the Church’s general funds. During the 52-year period through 2022 almost \$900 million has been disbursed to support this important work. GCFA recommends that the General Conference approve the following amounts to be apportioned for the 2025-2028 quadrennium:

Updated GCFA Report No. 3 - The Black College Fund

Background

The 1972 General Conference established the Black College Fund as one of the apportioned general Church funds. The objective of the fund is to provide financial support for institutions of higher education that have historically served the educational needs of black students. This support helps the institutions maintain academic quality and financial stability while limiting individual student tuition costs. More than \$323 million has been disbursed to assist the programs and

ministries of these schools since the fund was established.

Recommendations

The General Council on Finance and Administration (“GCFA”) recommends:

Updated GCFA Report No. 4 - Africa University Fund

Background

The 1988 General Conference approved the establishment of a United Methodist university on the continent of Africa. By the time the 1992 General Conference convened, the site selection process was complete, the Zimbabwe Annual Conference had gifted the university with a large tract of land on which to establish the main campus, and the university had been granted a charter by the government of Zimbabwe. On March 23, 1992, the College of Theology and the College of Agriculture and Natural Resources opened on a site near Old Mutare to 40 students from six African countries.

Subsequent General Conferences have heard and affirmed reports on the continuing development of this university for all of Africa. The vitality of the University was evidenced by the creation of additional courses (now over 1,500), increases in the number of faculty members and students, and the growth of the physical plant. There are currently three colleges and one school within the University, namely: (1) College of Health, Agriculture and Natural Sciences; (2) College of Business, Peace, Leadership and Governance; (3) College of Social Sciences, Theology, Humanity and Education; and (4) the School of Law.

Current Realities

The student body typically numbers about 2,500 full-time students and 300 part-time students from up to 28 African countries. All 14 Africa Central Conferences, where the United Methodist Church is experiencing significant growth, are well-represented in the student body. The university has a 95% graduation rate and more than 92% of the graduates remain on the continent of Africa. Africa University's more than 12,000 alumni have solidified the university's status as a leadership

preparation institution. They are bishops, college and seminary presidents, faculty members, district superintendents, communicators, hospital and clinic managers, farmers and agricultural extension workers, and leaders in every walk of life.

Five core goals inform the priorities of Africa University's fifth vice chancellor (president) as he inspires the evolution of the institution's missional impact beyond its 30-year milestone. They are: (1) Enhance Student Access and Success, (2) Invest and Empower (faculty and administrators), (3) Increase Financial Stewardship and Institutional Sustainability, (4) Cultivate Strategic Partnerships and Economic Competitiveness, and (5) Internationalize Research, Teaching and Learning.

The Africa University Fund supports the ministry's core needs and amounts to 14 percent of the institution's \$14 million annual budget. Africa University is deeply thankful to the local churches for their ever faithful and generous contributions, leading to a significant number of annual conferences investing 100 percent or more of their asking in 2022. With 83.83% in overall giving in 2022, the Africa University Fund continues to be actively supported within the Church.

World Service Special Gifts have also been sought since 1988. These gifts have been held and invested as permanent endowment funds for the University. As of 2022, contributions and investment earnings have resulted in an endowment fund of more than \$100 million, with the proceeds going primarily to pay for student scholarships.

The Africa University Board of Directors is working to expand the basic infrastructure of the main campus and increase the permanent endowment fund.

Updated GCFA Report No. 5 - The Episcopal Fund

The Episcopal Fund, raised in accordance with ¶ 818.3, provides for the salary and expenses of active bishops from the date of their consecration and for the support of retired bishops and surviving spouses and minor children of deceased bishops.

The General Council on Finance and Administration (“GCFA”) is recommending a budget for the Episcopal Fund that is 15% lower than the 2017-2020 budget approved in 2016. This compares to an overall recommended decrease of 48% to the other six general Church funds.

This revised report includes an additional \$10 million in funding to the Episcopal Fund compared to the version submitted in the Advanced Daily Christian Advocate (ADCA), which is an increase of \$15 million relative to a pro-rata share of the budget adjusted for higher disaffiliation than projected. This \$15 million increase was agreed to collaboratively by the agency General Secretaries, The Connectional Table, the Council of Bishops Executive Committee, and GCFA, in response to a request from the Council of Bishops for additional funding. The additional amount is intended to be temporary in nature to facilitate the necessary leadership to lead the denomination through this transitional period in the life of the Church. The increase to the Episcopal Fund came from two sources:

1. An increase to the base percentage originally recommended by GCFA, as printed in GCFA Report No. 8 in the the ADCA, from 2.54% to 2.595%. This increase adds \$7.5 million to the Episcopal Fund allocation.
2. A shift to the Episcopal Fund of \$7.5 million that was previously allocated to the general agencies. Wespeth has proposed legislation to the 2020 General Conference that would terminate legacy pension plans that have excess funding. If that proposal is approved, this excess funding would be distributed during the upcoming

quadrennium to offset the budget decrease to the agencies.

Currently there are 46 jurisdictional episcopal areas and 25 central conference episcopal areas authorized by General Conference. These figures include the five new areas in Africa approved by the 2016 General Conference. There are 39 active bishops in the jurisdictions and 19 in the central conferences. The budget presented below includes total projected apportionments of \$82.6 million across both the jurisdictions and central conferences. If all of the currently authorized episcopal areas are filled after General Conference, quadrennial spending would be approximately \$99.6 million. With an 85% collection rate in the jurisdictions and a 50% collection rate in the central conferences, this would create a quadrennial deficit in 2025-2028 of approximately \$33 million. Considering the projected beginning Episcopal Fund balance on January 1, 2025, is expected to be approximately \$15 million, this projects to a \$18 million negative fund balance at the end of 2028 (see the chart below). The deficit would need to be offset by reductions in costs in any of the cost structural items listed below, increased collection rates, or both. It is important to note that General Conference cannot delegate to GCFA the authority to move dollars between apportioned funds during the quadrennium.

<i>In Millions</i> Description	Collection Rate	
	90%	85%
Total # of Active Bishops	71	71
2025-2028 Total Income	\$ 70.2	\$ 66.3
2025-2028 Total Expenses	\$ 99.6	\$ 99.6
Surplus / (Deficit)	\$ (29.4)	\$(33.3)
2028 Ending Reserves	\$ (14.4)	\$(18.3)

The quadrennial cost structure of the Episcopal Fund with 46 jurisdictional and 25 central conference bishops includes:

1. Salaries and benefits - \$55.6 million
2. Office, equipment, and housing grants - \$26.4 million
3. Meetings and travel - \$6.0 million
4. Council of Bishops office & ecumenical work - \$5.8 million
5. Retiree benefits – \$2.8 million
6. GCFA fixed charges - \$1.8 million
7. Insurance coverages - \$0.6 million
8. All other costs - \$0.6 million

The quadrennial costs per episcopal area are \$1.4 million in the jurisdictions and \$0.9 million in the central conferences. Within the central conferences, the quadrennial costs are \$0.8 million in Africa and the Philippines and \$1.4 million in Europe.

GCFA presents the following recommendations concerning items in the Episcopal Fund for the 2025-2028 quadrennium. The items will be reviewed and set annually by GCFA. Section III-A below provides authority to GCFA to adjust the budget as necessary to respond to relevant changes in economic circumstances.

I. Bishops Elected by the Jurisdictional and Central Conferences

A proposed annual spending plan of estimated receipts on apportionment of the Episcopal Fund and expenses for each episcopal office will be submitted to GCFA on forms furnished by it. The proposed spending plan will include funding for salary, housing allowance, and office expense as recommended by the respective episcopal area, jurisdictional or central conference, or committee on episcopacy.

A. Salaries

1. Active Bishops. All salaries are set annually by GCFA. The salary of a bishop newly elected in 2024 or 2025 will begin on the date of his/her consecration, or 6 weeks prior to the assignment date, whichever is later, at the annual rate established by GCFA for 2024 or 2025.

a. Jurisdictional Bishops. The 2024 salary for jurisdictional bishops is \$180,900. Any salary adjustments for 2025 through 2028 will be set by GCFA annually. Considerations for determining salary adjustments each year will include the percentage adjustment for workers in state and local government as published by the U.S. Bureau of Labor Statistics, the review of other relevant compensation studies as determined by GCFA, and the overall economic status of the Episcopal Fund and its reserves.

GCFA will notify each newly elected bishop's current salary-paying unit of the date on which payment of salary from the Episcopal Fund will begin.

b. Central Conference Bishops. The salary of each bishop will be recommended by the respective central conference or its committee on episcopacy as included in the area spending plan. The 2024 salaries for central conference bishops are as follows:

Episcopal Area / Regions	2024 Salary
Africa	\$88,888.00
Philippines	\$88,888.00
Central and Southern Europe	\$140,551.00
Eurasia	\$73,507.00
Germany	\$67,051.00
Nordic and Baltic	\$102,031.00

Any salary adjustments for 2025 through 2028 will be set by GCFA annually after reviewing the recommendations. Considerations for determining salary adjustments will include the review of cost-of-living changes in each episcopal area, relevant compensation studies as determined by GCFA, and the overall economic status of the Episcopal Fund and its reserves.

2. Special Assignment (¶ 408.1d)

a. Bishops who have retired pursuant to ¶ 408.1 and who accept a special assignment from the Council of Bishops to a general agency or United Methodist Church-related institution of higher education as outlined in ¶ 408.1d(2) will receive remuneration not to exceed 20% of an active bishop's salary in the episcopal area from which they retired. The Episcopal Fund's share will not exceed 50% of the compensation established by the general agency or United Methodist Church-related institution of higher education. The agency or institution of higher learning will assume all responsibility for the bishop's operational and travel expenses related to the assignment.

b. Retired bishops who accept a special assignment from the Council of Bishops with a direct relationship and accountability to the Council of Bishops following mandatory retirement, as outlined in ¶408.1d(1), such as the COB Executive Secretary or Ecumenical Officer, will receive remuneration of 50% of an active bishop's current salary in the episcopal area from which the bishop retired, with the stipulation that GCFA can adjust this salary level if necessary due to the economic status of the Episcopal Fund and its reserves.

3. Salary Payment. Due to the variation in time of

election, consecration, and assignment, there may be up to six weeks of salary and benefits provided from the Episcopal Fund prior to the date of assignment for any newly elected bishop.

B. Episcopal Residence/Housing.

The annual conference(s) constituting the episcopal area to which the bishop is assigned will be responsible for providing an episcopal residence or allowance for the bishop.

1. Jurisdictional Bishops. The Episcopal Fund will provide a grant of \$10,000 annually per active bishop to assist in the cost of providing an episcopal residence or allowance. This annual grant will be paid to the annual conference in the episcopal area designated by the area's episcopal residence committee. This annual grant will continue during any period in the quadrennium where the episcopal area is being served by an interim bishop. The amount of this grant can be adjusted by GCFA if necessary due to the overall economic status of the Episcopal Fund and its reserves.

2. Central Conferences Bishops. The Episcopal Fund will provide a grant annually per active bishop to assist in the cost of providing an episcopal residence or allowance. The amount for each episcopal area will be set annually by GCFA. This annual grant will be paid to the annual conference in the episcopal area designated by the area's episcopal residence committee. This annual grant will continue during any period in the quadrennium where the episcopal area is being served by an interim bishop. The amount of this grant can be adjusted by GCFA if necessary.

3. Guidelines will be developed by the respective jurisdictional or central conference committees on episcopacy for transition in episcopal residences.

4. If a bishop dies while in active service and the episcopal residence is provided by the annual conference, the surviving spouse may continue to occupy the episcopal residence for up to 120 days following the date of death of the bishop.

C. Office Expense

1. Each episcopal area will receive an annual grant as set by GCFA to be applied towards the operation of the episcopal office. The number of annual grants within a jurisdiction or central conference shall not exceed the number of currently elected bishops serving within the jurisdiction or central conference. This annual grant will continue during any period in the quadrennium where the episcopal area is being served by an interim bishop. Such grants will be paid quarterly in the jurisdictions and monthly in the central conferences.

D. Travel Expense

The Episcopal Fund will pay the travel expenses of all members of the Council of Bishops in accordance with the Episcopal Fund Travel Expense Policies and Procedures then in effect. These travel expense policies are in accordance with the General Agency Expense and Reimbursement Policies for all general funds of The United Methodist Church as approved by GCFA.

II. Miscellaneous Other Matters

A. Council of Bishops Staff Office

The Council of Bishops will submit an annual spending plan to GCFA providing for the expenses related to the Council of Bishops staff and the office located in Washington, D.C. The administrative costs and other expenses incurred by the Council of Bishops staff in the performance of the duties of this office will also be included in

the spending plan. The spending plan will be subject to the approval of GCFA.

B. Ecumenical and Interreligious Ministries

The Council of Bishops will submit an annual spending plan to GCFA to provide for expenses pertaining to the Ecumenical and Interreligious ministries of the Council of Bishops. The spending plan is subject to the approval of GCFA.

C. Faith and Order Ministries

The Council of Bishops will submit an annual spending plan to GCFA to provide for expenses pertaining to the Faith and Order ministries of the Council of Bishops. The spending plan is subject to the approval of GCFA.

III. Funding

A. Changes During Quadrennium

If, in the judgment of GCFA, economic conditions require increasing or decreasing the amounts authorized in this report, GCFA is authorized to make such adjustments.

B. Apportionment for the Episcopal Fund

Both the jurisdictional and central conferences will be apportioned based upon the formulas recommended by GCFA in its Report No. 8. GCFA recommends the apportionment for the Episcopal Fund during the 2025-2028 quadrennium be:

Updated GCFA Report No. 6 - General Administration Fund

The General Administration Fund (§ 813) finances general Church activities that are specifically administrative in nature. In the 2025-2028 quadrennium, the jurisdictional apportionments for these General Administration Fund activities will decrease by 27.5% from the 2017-2020 quadrennium. Without the additional funding allocated for a General Conference to be held in between 2024 and 2028, the decrease from 2017-2020 would be 46.5%. Central Conference apportionments are increasing by 6.9% as membership in these areas are growing at a time when the U.S. is decreasing. The General Council on Finance and Administration's ("GCFA") Report No. 8 describes the role of professing membership in the Central Conference apportionments. At the request of the Standing Committee on Central Conference Matters, the 2025-2028 budget allocates the Central Conference apportionments across all line items in the General Administration Fund in the same ratio as the jurisdictional apportionments. In 2017-2020, they were allocated 100% to the Contingency Fund.

Discussion of Specific Budget Items

GCFA

GCFA reports to and is amenable to the General Conference and is responsible for receiving and distributing general Church funds. In addition, GCFA provides certain administrative services to the general funds and most General Agencies, including general ledger processing and maintenance, accounts payable functions, cash management, and group insurance plan administration. The 2025-2028 jurisdictional budget decreases by 59.1% compared to 2017-2020. A more detailed description of

GCFA's activities and funding is found in its Report No. 14.

General Conference

The apportionments for General Conference fund delegate expenses, operation costs (convention center and equipment rental, publishing, petition tracking software, worship, labor), language services (printed translation of advance materials and spoken interpretation on site), expenses of the offices of the secretary, business manager, and treasurer of the General Conference and expenses of the several commissions and committees which support the event.

The changing global nature of the Church is due in part to the rapidly growing membership in the central conferences. The percentage of delegates from central conferences has changed significantly since the start of this millennium, which was 16% in 2000 and had increased to 29% in 2008, 38% in 2012, 42% in 2016, and 44% in 2024 (for the postponed 2020 General Conference). This change in representation has resulted in two of the four major cost drivers increasing significantly:

1. Language and translation services for the postponed 2020 General Conference are budgeted at \$1,570,000 for oral interpretation and \$695,000 for written interpretation, which represents a 10% increase to total interpretation costs compared to the 2016 General Conference.
2. In 2016, the average travel cost for delegates from within the United States was approximately \$765 for each delegate, while the average travel cost for delegates from Central Conferences was approximately \$3,365 each. As the percentage of the total delegates coming from Central Conferences increases, so does the total cost of travel for delegates.

An additional \$7 million has been added to the proposed budget for a special called session. This funding level assumes the additional session will have a duration of one week.

The General Commission on Archives and History (GCAH)

GCAH promotes and preserves the historical interests of The United Methodist Church and its predecessors. GCAH accomplishes this uniquely administrative and programmatic mission by gathering, preserving, and holding title to and disseminating materials representing the history of the denomination.

GCAH's "Ministry of Memory" serves these functions for all levels of the connection. In addition, it serves UMC seminary students and professors worldwide in basic preparatory and more highly academic Wesleyan-Methodist studies. It also anticipates increased support for Central Conference historians and leaders, many beginning basic archival collections of their own. GCAH also manages a Historic Sites and Heritage Landmarks (§ 1712) program, supervising more than 500 denominational historic sites and nearly 50 heritage landmarks across the global connection.

The Judicial Council

The Judicial Council is the highest judicial body in The United Methodist Church connection. It determines the legality and/or constitutionality of actions by agencies, boards, conferences, and officials of the Church. Paragraph 813.3 provides that the expenses of the Judicial Council will be paid from the General Administration Fund, within a budget submitted annually to GCFA for its approval.

Pension and Salary Aid – Oklahoma Indian Missionary Conference

This line item funds salary and pension assistance programs. The apportionments in the 2025-2028 are 29.3% lower in the jurisdictions and 25.1% lower in total.

Contingency Reserve

This allocation provides funding for unforeseen or emergency situations that fall within the scope of general administration.

Updated GCFA Report No. 7 - Interdenominational Cooperation Fund

As part of the church universal, The United Methodist Church believes that the Lord of the church is calling Christians everywhere to strive toward unity; and therefore it will seek, and work for, unity at all levels of church life: through world relationships with other Methodist churches . . . through councils of churches and through plans of union and covenantal relationships with churches of Methodist or other denominational traditions.
(¶ 6)

The Interdenominational Cooperation Fund allows The United Methodist Church to fulfill our Disciplinary mandate to continually strive toward unity with Christians everywhere. Specifically, it offers the financial resources necessary to partner with Christian sisters and brothers throughout the world to fulfill a shared ecumenical mission. Our relationships with ecumenical partners enable us to witness together while respecting our unique traditions and distinctions, engaging in ministries that foster justice, mercy, and peace in God's world.

In partnership with other Christian communions, the Interdenominational Cooperation Fund gives

operating and other support for organizations that relate to the ecumenical responsibility of the Council of Bishops. It also allows for United Methodist representation at ecumenical and interreligious events and provides resources for our official dialogues and special ecumenical projects. The General Council on Finance and Administration ("GCFA") recommends the annual budgeted amounts for the Interdenominational Cooperation Fund to the General Conference from recommendations developed in consultation with the Council of Bishops (¶ 814.2).

GCFA, working collaboratively with The Connectional Table (CT), proposes that the funding for the Interdenominational Cooperation Fund be significantly below previous levels, a 72% reduction from the 2017-2020 approved budget. This reduction is designed to reduce the fund balance that has increased over the past several years, with the expectation that the next General Conference may choose to increase the funding as fund balances diminish during 2025-2028. At the end of 2023 there was a total fund balance of \$5,983,145. These funds are restricted for specific purposes as shown in the chart below.

INTERDENOMINATIONAL COOPERATION FUND BALANCES AT 12/31/2023

Organization / Activity	2023 Ending Fund Balance
National Councils of Churches / Regional Ecumenical Organizations	\$ 3,913,642
World Council of Churches / International Ecumenical Organizations	10,327
Pan Methodist Commission	210,762
Ecumenical / Multilateral Conversations	347,348
Ecumenical Representative Travel	1,045,635
Interreligious Relations	361,270
Churches Uniting In Christ	33,876
Contingency Reserve	60,285
Total Fund Balances	\$ 5,983,145

As a result of the increasing balances for the restricted purposes shown above and the significant decrease in funding for 2025-2028, the total of all Interdenominational Cooperation Fund balances at the end of 2024 will be transferred to a single line item called “Ecumenical & Interreligious Activity & Relations.” Each year the Council of Bishops will present an annual spending plan for the Interdenominational Cooperation Fund to GCFA for approval. This spending plan will show the specific areas of funding, including some which are currently included in the restrictions listed above. This process provides greater flexibility in support of organizations and areas as needs change and develop.

Explanation of Items Historically Funded by the Interdenominational Cooperation Fund

All of these engagements help The United Methodist Church fulfill its calling to commit ourselves to the “...cause of Christian unity at local, national, and world levels” (§ 105).

General Council on Finance and Administration

GCFA, which reports to and is amenable to the General Conference, is also responsible for receiving and distributing general Church funds. Part of the Council’s expenses is charged as a direct charge to the Interdenominational Cooperation Fund as provided in ¶ 805.6a and Report No. 14.

National Councils of Churches/Regional Ecumenical Organizations

Supports the work of councils or organizations whose membership is limited to a specific country or geographic region. Among the specific organizations currently receiving support is the National Council of the Churches of Christ in the U.S.A. This council has thirty-eight member denominations and communions in the United States representing more than 40 million Christians and about 100,000 local congregations.

World Council of Churches/ International Ecumenical Organizations

Supports the work of councils or organizations whose membership is not limited to a specific country or geographic region. The Interdenominational Cooperation Fund supports the World Council of Churches, founded in 1948. The council includes 350 member communions throughout the world representing more than 500 million Christians. These funds support United Methodist participation in the work and life of the World Council of Churches, with a focus on justice and peace. This fund also supports the work of the newer Global Christian Forum, which every few years brings together a wide variety of Christians from around the world for conversation and discernment on a topic of interest to all.

Christian World Communions/ Methodist Unity

This category includes funds to support the work of ecumenical organizations whose members trace their origins to religious traditions started by John Wesley. One such conciliar partner, dedicated to nurturing unity in the Methodist family, is the World Methodist Council. Established in 1881, the World Methodist Council is a worldwide association of 80 Methodist, Wesleyan, and related Uniting and United Churches representing more than 80 million people in 138 countries. The Interdenominational Cooperation Fund supports United Methodist participation in the work and life of the Council. It also supports the Methodist Ecumenical Office in Rome and other projects of the World Methodist Council.

Pan-Methodist Commission

This allocation of funding relates to ongoing ministry on matters of mutual interest among representatives of The United Methodist Church, The African Methodist Episcopal Church, The African Methodist Episcopal Zion Church, The African Union Methodist Protestant Church, The Christian Methodist Episcopal Church, and The Union American Methodist Episcopal Church. The

commission is currently engaged in fulfilling the vision of full communion among its member churches, including joint chaplaincy endorsement, the Campaign for Children in Poverty, and Pan-Methodist young adult engagements.

Ecumenical/Multilateral Conversations

Provides funding for ongoing and proposed meetings with representatives of other denominations for dialogue, including but not limited to the Episcopal Church, the Evangelical Lutheran Church in America, the Moravian Church (Northern and Southern Provinces) and the United States Conference of Catholic Bishops. The ICF provides funds for multi-lateral expressions of ecumenism, such as Christian Churches Together and the Wesleyan Holiness Connection.

Ecumenical Representative Travel

To ensure a United Methodist voice and presence in worldwide deliberations and meetings of funded ecumenical bodies, travel expenses for United Methodist representatives named by the Council of Bishops are paid from the Interdenominational Cooperation Fund (§ 814.4). Costs and expenses are paid in accordance with guidelines adopted by GCFA. Covered meetings include those of the governing board, convening tables, and other units of the National Council of the Churches of Christ in the U.S.A.; the central and executive committees of the World Council of Churches, including other structural units and periodic assembly; the executive committee members and at-large delegates of the World Methodist Council; meetings of Churches Uniting in Christ, Christian Churches Together, and the Pan-Methodist Commission; and United Methodist participation in concordant relationships and other ecumenical activities of recognized bodies.

Interreligious Relations

This funding provides resources for United Methodists to engage more directly with neighbors of other faith communities. Funding is used to provide information, materials, and support for

dialogues locally and regionally, and to support ecumenical programs involving interfaith partners, such as Religions for Peace USA, Shoulder to

Shoulder, and the Parliament of the World's Religions.

Updated GCFA Report No. 8 - Apportionment Formulas

The Book of Discipline provides that the General Council on Finance and Administration (“GCFA”) will recommend the formulas by which all apportionments to the annual conferences shall be determined, subject to the approval of the General Conference (§ 806.1c).

<u>Year of Data</u>	<u>Year of Apportionment</u>	<u>Net Expenditures</u>	
2022	2025	\$ 3,479,216,522	Actual
2023	2026	\$ 3,365,669,883	(Estimated)
2024	2027	\$ 3,278,912,578	(Estimated)
2025	2028	\$ 3,235,902,795	(Estimated)

Recommendations:

1. GCFA recommends adoption of the following Jurisdictional Conference apportionment formula, which shall apply to the World Service, Ministerial Education, Black College, Africa University, Episcopal, Interdenominational Cooperation, and General Administration Funds:

$$A = E * P$$

Where:

A represents an annual conference’s **general Church apportionment**

E represents the annual conference’s **“Net Expenditures”**

P represents the **“Base Percentage”**

“Net Expenditures” (E) consists of the total local church expenditures in the annual conference, less (1) current capital expenditures, (2) expenditures on capital debt service, (3) payments toward general Church apportionments, and (4) all other benevolence giving. The net expenditures will be calculated with the most recent year for which complete data is available. All the components are currently reported through local church statistical reports. The actual and estimated net expenditures for the 2025-2028 quadrennium are:

Even though there is a three-year lag between the data year and the year of apportionments, any churches that leave or have left The United Methodist Church two years prior to the year of apportionments will be excluded from the calculation. This change from past practice is due to the disaffiliation parameters that require a church to pay 100% apportionments for the 12 months following disaffiliation.

b. **“Base Percentage” (P)** consists of a simple percentage set by the General Conference on recommendation by GCFA. When the percentage is applied to the “Net Expenditures” for all conferences, it will yield the total to be apportioned for all general Church funds. GCFA recommends the “Base Percentage” for each year of the quadrennium as follows:

<u>Year</u>	<u>Projected Apportionments</u>	<u>Base Percentage</u>
2025	\$ 90,300,326	2.5954212777%
2026	\$ 87,353,312	2.5954212777%
2027	\$ 85,101,595	2.5954212777%
2028	\$ 83,985,310	2.5954212777%

2. GCFA recommends adoption of the following Central Conference apportionment formula, which shall apply to only the Episcopal and General Administration Funds, as both of those funds directly support the Central Conferences:

$$A = (J * M) * i$$

Where:

A represents a central conference annual conference's **General Church Apportionment**

J represents the **Jurisdictional Apportionments per Professing Member** for each of the Episcopal and General Administration Funds

M represents the number of **Professing Members in the Central Conference Annual Conference**

i represents the central conference's "**Economic Adjustment Factor**"

a. "**Jurisdictional apportionments per professing member**" (**J**) will be calculated each year based upon the actual apportionments for that year divided by the number of professing members three years prior. For example, 2025 apportionments per professing member would use the actual apportionments for 2025 and the professing members at the end of 2022. The current estimate for this factor in 2025-2028 is shown below:

<u>Episcopal</u> <u>Fund</u>	<u>General</u> <u>Administration</u> <u>Fund</u>	<u>Total</u>
\$ 3.14	\$ 1.39	\$ 4.53

b. "**Professing Members**" (**M**) consists of the professing members of each annual conference within the Central Conferences as reported in the latest annual conference journal sent to GCFA. Membership was chosen as a basis for the apportionment formula because the availability and reliability of the data was better than revenue- or expenditure-based options.

c. "**Economic Adjustment Factor**" (**i**) is unique to each annual conference within the Central Conferences. The exact value of the "Economic

Adjustment" for a conference will vary during the quadrennium as new economic and statistical reports become available. The factor to be used for the economic adjustment in the annual conferences is each country's or annual conference's GDP (Gross Domestic Product) per capita in relation to the U.S., expressed as a percentage. The source used for this data will be a credible source as chosen by GCFA, and the most recent data point available at the time of apportionment calculations will be used. In calculating the average GDP for annual conferences in multiple countries, the country GDP data will be weighted by the number of professing members as reported in each country.

Based upon the recommended formula and the assumptions outlined above, the projected central conference apportionments for the 2025-2028 quadrennium are:

<u>Year</u>	<u>Episcopal Fund</u>	<u>General Administration Fund</u>	<u>Total Apportionments</u>
2025	\$1,144,515	\$392,422	\$1,528,024
2026	\$1,252,149	\$429,326	\$1,528,024
2027	\$1,108,975	\$380,236	\$1,528,024
2028	\$1,105,483	\$379,039	\$1,528,024
Total	\$4,611,122	\$1,581,023	\$6,112,096

3. Using the jurisdictional formula, GCFA will first calculate the total amount to be apportioned to each annual conference for the applicable apportioned general funds. The apportionment for each fund will then be calculated in direct proportion to that fund's approved amount. Each annual conference will therefore continue to receive from GCFA an annual statement showing its apportionments for each applicable general fund. Each annual conference will continue to have the authority to apportion those amounts to its charges or churches by whatever formula or method it determines (§ 613.3).

4. If an annual conference decides to combine general Church apportionments with each other or with conference apportioned funds for apportioning to local churches, the receipts on such combined funds will be allocated in direct

proportion to the budgeted amounts for each fund or cause included in the combined fund budget and amounts so allocated to general Church funds will be remitted to GCFA on a monthly basis. (¶ 619.1a(2)(c))

5. If more than 100% of the amount voted by General Conference for jurisdictional apportionments for a general fund is received in any given year, the excess funds will be held in trust by GCFA in an apportionment stabilization fund. All monies placed in such a fund will be considered as fund balances restricted by the General Conference to the fund or line item in which the surplus occurred. They will be held by GCFA until such time as shortfalls in such receipts occur during the same quadrennium, at which time they may be distributed to compensate for the shortfalls. If undistributed funds remain at the end of the quadrennium, due to excess receipts beyond the amounts needed to compensate for shortfalls, GCFA will recommend to the next General Conference how any remaining fund balances should be distributed, provided that those

recommendations will be consistent with the purposes for which the funds were raised. (¶ 808.3)

6. In adopting this report, the General Conference authorizes GCFA to make such changes in the language and definitions of this report as other General Conference actions or changed circumstances may require, while preserving as much as possible the substance and content of this report.

7. Multiple “regionalization” proposals have been submitted to the General Conference. To the extent that any such proposal, if adopted by the General Conference and thereafter ratified by the membership of the annual conferences, replaces/removes the term “central conference,” the central conference apportionment formula set forth in this Report will continue to apply to the annual conferences located in the then-former central conferences in the same manner as it did prior to such change.

Updated GCFA Report No. 9 - General Church Special Sunday Offerings

The *Discipline* designates six Special Sundays during which offerings for general Church purposes are to be received:

- Human Relations Day (§§ 263.1, 824.1)
- UMCOR Sunday (§§ 263.2, 824.2)
- United Methodist Student Day (§§ 263.4, 824.3)
- World Communion Sunday (§§ 263.3, 824.4)
- Peace with Justice Sunday (§§ 263.5, 824.5)
- Native American Ministries Sunday (§§

263.6, 824.6)

The General Council on Finance and Administration (“GCFA”), in consultation with The Connectional Table (“CT”) and the Council of Bishops, makes recommendations to the General Conference regarding any offerings to be received in connection with those Special Sundays. All such recommendations are subject to the approval of the General Conference. The following table indicates the total offerings received by GCFA from the Special Sundays during 2017-2023:

Special Sundays

Directives

The following directives will apply to each of the six general Church Special Sunday offerings:

1. Promotion of all authorized Special Sundays will be by the General Commission on Communications (“UMCom”), in consultation with the administering agencies. Expenses of promotion for each offering shall be a charge against receipts in an amount determined in the manner described in GCFA Report No. 11.
2. Receipts from all authorized Special Sundays will promptly be remitted in full by the local church treasurer to the annual conference

treasurer, who will, within thirty days of receipt, remit the funds in full to GCFA, except where noted differently below. Local churches will report the amount of the offerings in the manner indicated on the Local Church Report to the Annual Conference. For the Native American Ministries and Peace with Justice Special Sundays, the annual conference treasurer will divide the receipts as specified in the relevant Disciplinary paragraphs.

3. The following table indicates the amounts of the respective offerings that are to be remitted and the amounts that are to be retained for use by the annual conference:

Special Sunday Offering	Authorizing Paragraph(s)	% to Remit to GCFA	% to Retain in Annual Conference
Human Relations Day	824.1, 263.1	100 %	0 %
One Great Hour of Sharing	824.2, 263.2	100 %	0 %
United Methodist Student Day	824.3, 263.4	100 %	0 %
World Communion Sunday	824.4, 263.3	100 %	0 %
Peace With Justice Sunday	824.5, 263.5	50 %	50 %
Native American Ministries Sunday	824.6, 263.6	50 %	50 %*

* Should there be no Native American ministries within the annual conference, the annual conference treasurer shall also remit this 50 percent to GCFA.

Sundays with Offerings Authorized for Use Within the Annual Conference

The *Discipline* authorizes offerings in connection

with five special Sundays for which the offering receipts are to be retained for use within the annual conference:

- Christian Education Sunday (§ 265.1)
- Golden Cross Sunday (§ 265.2)
- Rural Life Sunday (§ 265.3)
- Disability Awareness Sunday (§ 265.4)
- Volunteers in Mission Awareness Sunday (§ 265.5)

These special Sundays are governed by the provisions of § 265.

Updated GCFA Report No. 11 - Directives for the Administration of the General Funds

1. Fixed Charges. Fixed charges in any of the general funds will be paid as expended within the limits of the approved budgets. However, the General Council on Finance and Administration (“GCFA”) is authorized to adjust the fixed charges amounts in general fund budgets as emergencies, changing conditions, or the responsibilities placed upon the general agencies by the General Conference may require.

2. On-Ratio Allocations. All allocations from the general funds of The United Methodist Church shall be paid on ratio of net receipts after payment of fixed charges.

3. Validity of Claims. GCFA will be authorized to determine the validity of claims in all matters involving the World Service Fund, the Episcopal Fund, the General Administration Fund, the Black College Fund, the Ministerial Education Fund, the Interdenominational Cooperation Fund, the Africa University Fund, World Service Special gifts, the Advance, the Special Sundays offerings, or any other general fund, where these are not specifically set forth or determined by the General Conference.

4. Conformity with Other General Conference Actions. GCFA is granted authority to make such editorial changes in its reports as may be needed to bring them into conformity with the approved general fund budget amounts and totals, and any other applicable actions of the 2020 General Conference.

5. GCFA Funding. General fund allocations to GCFA fall into two categories, as provided in ¶ 805.6 – an on-ratio line item in the General Administration Fund budget and fixed charges in certain other funds for which GCFA incurs significant administrative costs, proportionate to their estimated receipts. GCFA’s budget is presented in its Report No. 14.

6. Travel Expense and Meeting Policy for Special Committees Funded by the General Funds. Any special committee, study group, special commission, or any other special group created by the General Conference and funded by the general funds of The United Methodist Church will be subject to the travel and expense reporting and reimbursement requirements established by GCFA. If the special committee, study group, special commission, or other special group is not directly responsible to a general agency, it will make all meeting and travel arrangements through GCFA.

7. Application of Apportionment Formula. As the apportionment formula is applied during the quadrennium to actual events, the outcome of the calculation may result in a different amount being apportioned than those amounts contained in the published reports. When each annual apportionment is determined, GCFA will calculate the total amount to be apportioned for each of the general funds and to each fund line item, including fixed charges, in direct proportion to the amounts approved in its Reports numbered 1 through 7.

8. Consultants. As part of its oversight function, GCFA will prepare and make available an annual listing of all consulting contracts entered into by agencies and organizations amenable to the Connectional Table, as well as the Council of Bishops. This listing will be prepared by April 1 of each year and will include contracts in place during the preceding calendar year. The list will include the name of the individual or corporate entity, address, length and purpose of the contract, and the amount of money paid for the consultant.

9. General Agency Audits. All treasuries receiving general Church funds are required to have an annual audit as provided in ¶ 806.5.

10. Internal Audit Functions. GCFA has the

responsibility to establish and conduct the internal auditing functions for all agencies receiving general Church funds. (§ 806.6) All agencies receiving general Church funds are required to comply with fiscal accountability policies and practices established by GCFA. The Committee on Audit and Review will monitor compliance with such policies and practices. If the Committee determines there are any violations it shall proceed in a manner as outlined in § 806.13 and within established policies of the Committee at that time.

11. General Agency Budget Review. As outlined in §§ 806.3, .4, .7, .11, and .12, GCFA will review the proposed spending plan and the financial operations for each agency receiving general Church funds. If GCFA determines that an agency is not in compliance with the provisions of these paragraphs, it will proceed within its established policies at that time.

12. Approving Emerging Ministry Opportunities Between Sessions of General Conference. In the interim between regular sessions of the General Conference, potential programs and initiatives of Church-wide consequence may arise in response to unforeseen opportunities for mission and ministry. When these opportunities involve the expenditure of general Church funds, the proposed programs or initiatives shall require the joint approval of GCFA, the Council of Bishops, and CT. When timeliness of action warrants, the executive committees or equivalent of these bodies may act in such matters for the body itself, but only by a three-fourths vote. Such programs and initiatives shall be governed by established policies of the General Conference. A report on any such programs and initiatives will be made by CT to the General Conference at its next quadrennial meeting.

13. General Commission on Communication. The General Commission on Communication (“UMCom”) serves as the central agency for promoting general Church funds throughout the Church, as provided in § 1806.12.

Promotion is aimed at individual United Methodists and seeks to foster an understanding of

how giving of one’s financial resources is an integral part of the Christian life. The focus is on shared ministries that change lives. Print and digital resources help United Methodists see their mission outreach, understand how their diverse ministries make a difference in human lives, and learn how the local church benefits from shared outreach.

Interpretation is aimed at the leadership of annual conferences, districts, and local congregations. It provides specific information about Church funds and encourages leaders to be faithful in remitting funds to conference and general Church benevolent causes. UMCom provides resources in a variety of media to be used by conference leadership, pastors and local church leadership, and staff of other general agencies.

The cost of promotional resources related to a particular fund or group of funds is covered by a fixed-charge line item in the budget of the respective funds. UMCom, following consultation with the general agency responsible for administering the fund, recommends the annual budget of fixed-charge amounts, subject to approval by GCFA. For 2025-2028, the fixed charges line items total \$2,166,277, which is a 29.6% decrease compared to 2017-2020.

For 2025-2028, as in the past, one resource item may interpret or promote several funds. UMCOM will be promoting all of the general apportioned funds using the monies provided by the fixed charges for the World Service Fund, as well as with other monies from its share of the World Service Fund. In such cases, UMCom is authorized to allocate costs for such items among the funds included in particular resources.

No promotional funds will be taken from general Advance Special gifts or World Service Special gifts except for the \$947,240 for promotion of the Advance, a 20.4% decrease from 2017-2020. Any additional costs of promoting these funds are borne entirely by the administering agencies or from other funds approved by the General Conference.

The schedule of amounts authorized for program and benevolence interpretation resources for the 2025-2028 quadrennium are shown in the following tables:

Updated GCFA Report No. 14 - General Church Sources of Funding to the General Council on Finance and Administration

The General Council on Finance and Administration (“GCFA”) fulfills a wide variety of oversight responsibilities within The United Methodist Church. Spending by GCFA is in support of various processes and activities mandated by *The Book of Discipline* and are entirely administrative in nature. The projected income for GCFA from general Church funds for the 2025-2028 quadrennium is \$13,538,191, representing a decrease of \$12,180,654 (47.4%) compared to the 2017-2020 quadrennium. The funding comes primarily from the General Administration Fund, as well as fixed charges from the World Service and Episcopal Funds, collectively representing 93% of the total amount. GCFA’s administrative ministries mandated by *The Book of Discipline* include:

1. Coordinating preparation of the quadrennial budget for the denomination’s boards and agencies (§ 806.1);
2. Administering the collection and distribution of apportionments (§§ 806, 806.2);
3. Reviewing annually the budget of each agency and treasury receiving general Church funds (§ 806.4);
4. Coordinating external audits for all agencies and treasuries receiving general Church funds (§ 806.5) ;
5. Maintaining an internal audit function to conduct audits of general Church agencies and treasuries (§ 806.6);
6. Performing various fiscal responsibilities, such as accounting for the general funds, GCFA, the United Methodist Church Foundation, the Permanent Fund, The Board of Trustees, certain other general Church agencies, and may perform payroll, banking, and check preparation responsibilities for all general agencies receiving general Church funds (§ 806.7);
7. Ensuring no board, agency, committee, commission, or council expends funds in a manner that is in violation of the expressed commitments of The United Methodist Church (§§ 806.9-.11);
8. Serving as custodial trustee for donations or bequests given to the denomination (§ 807.1);
9. Protecting the legal interests, rights, and intellectual property of the denomination (§§ 807.9-.11);
10. Developing and overseeing investment policies and guidelines for all agencies receiving general funds, including managing an investment pool for the general Church agencies (§ 806.12);
11. Maintaining a consultative travel and meeting planning service to assist general agencies in planning and making arrangements for national meetings, conferences, and convocations (§ 807.13);
12. Managing, interpreting, and maintaining various statistics and records for the denomination (§§ 807.15-.16);
13. Providing guidance and consultation to various groups within The United Methodist Church, including through training programs and workshops, establishment of professional standards, certifications, informational resources, and staff support (§ 807.18);
14. Overseeing an insurance program for the denomination (§ 807.19);
15. Assisting in the preparation for, and management of, General Conference (§ 807.20); and
16. Administering the Episcopal Fund (§ 818).

In addition to those *Disciplinary* mandates, GCFA,

in the form of ministry support, performs other administrative functions in support of general agencies, annual conferences, local churches, affiliated ministries, and the denomination as a whole. Examples of shared services include:

1. Human Resource services, such as recruiting, onboarding, and compensation studies;
2. Travel and meeting planning services that include online event registration, meeting planning, and travel arrangements;
3. Information technology services that include financial accounting software, database creation and maintenance, and an

online systems to track individuals who are entering the ministry;

4. Legal services related to intellectual property, tax exemption status, and other areas of legal consultation: and
5. Data services, including systems allowing electronic submission of data to GCFA from annual conferences, and an online tool providing the general public certain information and statistics about the United Methodist connection.
6. Financial services and consultations with general agencies, annual conferences, and other United Methodist organizations.

Updated GCFA Report No. 15 - Income from the Board of Trustees and the Permanent Fund

The General Council on Finance and Administration (“GCFA”), by action of the 1972 General Conference, serves as the successor to The Board of Trustees of The United Methodist Church and its predecessor bodies (§ 803). In this capacity, GCFA provides for the management of assets that have been added to the Permanent Fund (§ 807.3b) and those under the purview of The Board of Trustees for the benefit of specified ministries.

GCFA maintains records of all distributable income managed via The Board of Trustees and the Permanent Fund. The Permanent Fund provides funding for the World Service Fund from its distributable income as affirmed by successive

General Conferences. In the seven-year period of 2016 to 2023, the Permanent Fund has provided a total of \$4,640,228 to the World Service Fund, for an annual average of \$580,029. Thus, the Permanent Fund has continued to help underwrite the mission and outreach of The United Methodist Church.

GCFA recommends that a portion of the Permanent Fund distributions be made a part of the World Service Fund receipts annually for distribution during the 2025-2028 quadrennium.

Updated GCFA Report No. 18 - United Methodist Insurance Co., Inc.

(A non-profit insurance company owned by the General Council on Finance and Administration)

Introduction

Since 1976, the General Conference has required the General Council on Finance and Administration (“GCFA”) to make available a “church-wide [property and liability] insurance program.” The General Conference revisited the issue of property and liability insurance in 1992, and local church boards of trustees were required to do the following:

[R]eview annually the adequacy of property, liability, and crime insurance coverage on church-owned property The board shall include in its report to the Charge Conference the results of its review and any recommendations it deems necessary. (See ¶ 2533.2, *Book of Discipline*)

Without affordable, and widely and consistently available comprehensive property and liability insurance, the assets with which the Church wins disciples to Christ and the gifts of generations of United Methodists given for that purpose are at risk. The journey toward fulfilling the potential of the connection for protecting its own ministries and ministry resources remains important to us today.

Mission

The United Methodist Insurance Program (“UMIP”) fulfills the mandate to GCFA by General Conference to create a church-wide insurance program. UMIP’s sole mission is to protect the property and ministries of the United Methodist Church connection, including any

ministry with historical ties to Methodism.

The “business” of UMIP is to provide access to comprehensive insurance coverage with limits sufficient to cover property losses and liability claims in the current litigious environment, and to stabilize (and ultimately reduce) the cost of insurance by leveraging the combined purchasing power of the ministries within the United Methodist connection. UMIP is particularly concerned with providing access to proper insurance coverage to parts of the connection that are traditionally underserved. This includes small churches, urban churches, churches with poor loss history, and churches with exposure to natural disasters such as tornadoes and hurricanes.

Our ministry includes using revenue generated by the business of providing insurance for the benefit of the entire connection, including, but not limited to, local churches, annual conferences, and general agencies. In addition, our focus is on helping all parts of the connection protect resources and the people they seek to serve. For example, UMIP actively helps the entire connection by providing access for local churches, conferences, and general Church agencies to obtain background checks for clergy and volunteers. UMIP works with Sovereign Insurance Group, its insurance partner, and experts within the Church to provide access to risk management programs and information to assist local churches in establishing policies and programs designed to protect finances, people, and property.

As stewards of the denomination’s financial resources, local church and annual conference trustees have a duty to focus on the cost of coverage because the purchase of insurance is a “business transaction.” However, as stewards we are also obligated to ensure our churches have coverage limits sufficient to respond in the event of loss and to recognize the importance of denomination-specific resources and training in preventing losses.

History

UMIP engaged Sovereign on July 21, 2022.

Sovereign has been very successful in acquiring new business for the program, saving ministries money, and making additional insurance companies available to the program. In addition, Sovereign has expanded UMIP's availability to foundations, camps, retreat centers, schools, universities, and other parts of the United Methodist connection not previously served by UMIP or its predecessors.

UMIP is available to any ministry with historic ties to Methodism. It honors all expressions of Methodism and disaffiliation does not affect eligibility to keep or obtain coverage through UMIP.

Moving Forward

The availability of GCFA-sponsored insurance programs has laid the foundation for a new understanding of insurance as a tool for living out "trust-related stewardship." We have, in turn, set a new standard for the commercial insurance market. Following are a few examples:

- UMIP offers limits and coverages previously unavailable, forcing the commercial insurance market to improve their offerings to match ours.

- Along with several annual conferences, GCFA regularly consults UMIP in establishing minimum levels of insurance required for local church boards of trustees to use in evaluating whether a church had adequate insurance. These minimum levels of insurance are printed and available on both UMIP's and GCFA's website under 'Proper Coverage Standards (previously entitled Minimum Insurance Requirements.'
- UMIP's presence in the property and liability insurance market benefits the entire denomination.
- UMIP continues to make resources available to reduce the frequency and severity of loss through its newsletter, website, webinars, and social media.

To be of service to as many churches as possible, The United Methodist Insurance Program has expanded the number of carriers it represents. The carriers will include those dedicated to serving the church market and other carriers providing specialty coverage for difficult-to-place risks and specialty lines of coverage. With the elimination of the risk of underwriting losses, UMIP will be better positioned to provide additional services and resources to local churches, annual conferences, and general Church agencies. Voting and Reserve Delegates by Conference

General Conference delegates are listed in order of election. Names of clergy appear in *italics*. Reserve delegates are those elected in accordance with ¶34 of the Constitution. The chairperson of a delegation is indicated with an asterisk. To comply with the latest privacy laws, delegate addresses have not been published in the Daily Christian Advocate. When a General Conference delegate is unable to attend, the first available reserve delegate is seated for the duration of the conference in order of election. In this case, the elected General Conference delegate is not listed but the reserve delegate is listed with a legislative committee assignment. The General Conference delegate remains part of the delegation and will be seated for jurisdictional or central conference in order of election.

The delegate information is provided by the respective secretaries of the annual conferences as a part of the credentialing process. Inquiries may be sent to the Reverend Gary W. Graves, Secretary of the General Conference, ggraves@umcgc.org.
